“Monterey Sugar Maple Behind the Scenes Tour”

Each year, the *Highland Maple Festival* in Virginia’s Little Switzerland celebrates the “*tapping of the trees. . .*” the process of making syrup. This annual celebration was designated a “Local Legacy” by The Library of Congress! We’re skipping the crowds this year in lieu of a *Private Guided Tour* of two sugar camps. Learn how sugar is made with today’s new technology and the old fashioned way with the use of an open copper kettle. No crowds and a personalized private tour, makes this years visit one you cannot miss! A delicious *Lunch* is included in Monterey along with a visit to the *Allegheny Trout Farm!*
